

University of Minnesota

NIH Chemistry/Biology Interface Training Grant

This form is for second year renewal of CBITG support and also serves as a final report form for students completing their second year of support.

Please submit **FOUR** copies of this form together with 4 copies of each of the following (note: only **ONE** copy is needed if this is your final report):

- 1) A 2-3 page (double-spaced) report of your research progress in the past year (page limit includes figures and publications/poster presentations from this work if applicable). The report should be written in your own words (no plagiarism!).
- 2) A paragraph (1/2 page at most) description of the cross-disciplinary component of your work and any work carried out in your co-advisor's lab. If you have not yet carried out this aspect of your work, a plan for doing so should be described.
- 3) A description of training grant activities you have participated in (e.g., CBC, annual symposium, journal clubs, participation in co-advisor's group meetings, etc.)
- 4) a copy of your graduate transcript
- 5) letters of support from the advisor and co-advisor (this is NOT required for final reports)

SUBMIT TO: Nancy Hagberg (campus mail: 139 Smith Hall (box E2) or deliver to 139B Smith Hall) by noon on **May 23, 2008**
