Have you been wondering....

What is a standard operating procedure (SOP)?

What goes into an SOP?

What types of SOPs should my lab have in place?

Why is my lab required to have SOPs on hand?

How often should we update our SOPs?

How do we maintain SOPs?

In this seminar, DEHS will answer your common questions about Standard Operating Procedures

Open to all students, faculty, and staff
Tuesday, April 30th at 3:00 pm, Smith 331
